European Credit Transfer System Credits are earned for each module passed. Progressive College QQI modules are weighted proportionate to the amount of knowledge, skills and competencies covered and acquired within the module. The following table describes the classifications available for major awards (made by QQI or by recognised institutions under delegated authority) in the National Framework of Qualifications (NFQ). They also specify the required boundary values for percentage point average (PPA).

Classification of Higher Certificates (Level 6) and Ordinary Bachelor's Degrees (Level 7)	PPA Boundary Values	Description
Distinction	70%	Indicative Descriptor: Achievement includes that required for a Pass and in most respects is significantly beyond this
Merit Grade 1	60%	Indicative Descriptor: Achievement includes that required for a Pass and in many respects is significantly beyond this
Merit Grade 2	50%	Indicative Descriptor: Achievement includes that required for a Pass and in some respects is significantly beyond this
